

INTERNATIONAL CHILDREN'S MUSIC SCHOOL INTERLAKEN

3rd - 10th AUGUST 2024

Located in Interlaken, the heart of the Bernese Oberland, the International Music Summer School, IMS brings children and young people with their families in a one-week course through music together. Since 2012 the IMS has brought together over 800 children and their families from all over the world.

We offer beginner classes for the youngest up to advanced levels for children and teenagers, as well as offers for their parents and for interested music teachers. The program is intended to support the children in their personal development and promote their self-confidence. By attending individual and group lessons, individual as well as social skills are promoted. In addition, friendships develop between the children and the parents that last for years.
